# About the IABA

**F**ounded on May 16, 1940 by a group of distinguished lawyers and jurists representing forty-four professional organizations and seventeen nations of the Western Hemisphere, the Inter-American Bar Association (IABA) is a permanent forum for the exchange of professional views and information among lawyers seeking to promote the rule of law and the protection of democratic institutions in the Americas.

## Objectives and Purposes

To establish and maintain relations among national and local organizations of lawyers in the Americas;

To provide a forum for the exchange of views;

To advance the science of jurisprudence, especially the study of comparative law;

To promote uniformity of laws;

To disseminate knowledge of the laws of the Americas;

To promote the rule of law and the administration of justice, and encourage the establishment and maintenance of independent judicial systems in all countries of the Americas;

To preserve and defend human rights and liberties;

To help guarantee to the peoples of this hemisphere the free exercise of their civil and political rights under democratic principles;

To uphold the honor of the legal profession;

To encourage cordial relations and fellowship among lawyers of the Americas; and

To meet in a conference on a regular basis to discuss matters of current interest to the legal profession.

An international conference is held annually where special programs on legal topics are presented. IABA Committees and Sections also meet, providing a forum for presenting papers on important issues.
